Happy Father's Day

Titonka Care Center

Father's Day is June 16th A Father is more than the biological paternal source of our being. It is the person who cares and provides for us. It is the man who helps to set the standards, the family values and the example. So, add to this group, stepfathers and other men who willingly and eagerly accept and cherish the role. Whether biological, adopted or informally, if they are the father figure to you, give him some recognition today and don't hesitate to call him "Dad".

The laundry is done, the ironing, too,

Can it be- I have nothing to do?

Its' time to pack a picnic lunch

And get together with the bunch,

go off to the beach or to the lake

have lots of fun, eat chocolate cake.

Play in the sand, take a swim, soak up the sun.

Enjoy your summer, it's time for fun!

There are gardens, grass, vacations, and more,

The parks, to Disney, museums galore.

Father's Day - Dad-isms -Strength, stern

disciplinarian, sage advise. We must be talking about Dad. Dad always had those sayings and quotes. You know, the ones that contained a hidden message or pushed you to succeed at a difficult task, or towards a higher level of performance at something. We call those "Dadism's

If you don't straighten up, I'm going to knock you into the middle of next week!" Because I said so, that's why!

Keep crying, and I'll give you something to cry about.

Just because I love you doesn't mean I have to like

everything you do. Because I'm the Dad, that's why!

Go ask your mother..... I brought you into this world, and I can take you out! I'm a Dad, I know everything.

The sooner you learn to stand on your own two feet, the better off you'll be. That's just the way life is, son.

You make a better door than a window! Were you born In a Barn? Do you think money grows on trees?

I haven't developed gray hairs for nothing! You are too young to understand this. My dad would always try to get me to eat my dinner by saying "It'll put hair on your chest." I never understood this because I was a little girl.

When ask dad where I could find a helping hand, he said, "At the end of your own arm".

You ain't to old for your "wants" to hurt you. Would always hear this when we would say --- I want

"Be sure you leave things better than you found them."

"If you don't have time to do it right, how on earth will you ever find time to do it over."
